CHIEF SEALTH HIGH SCHOOL

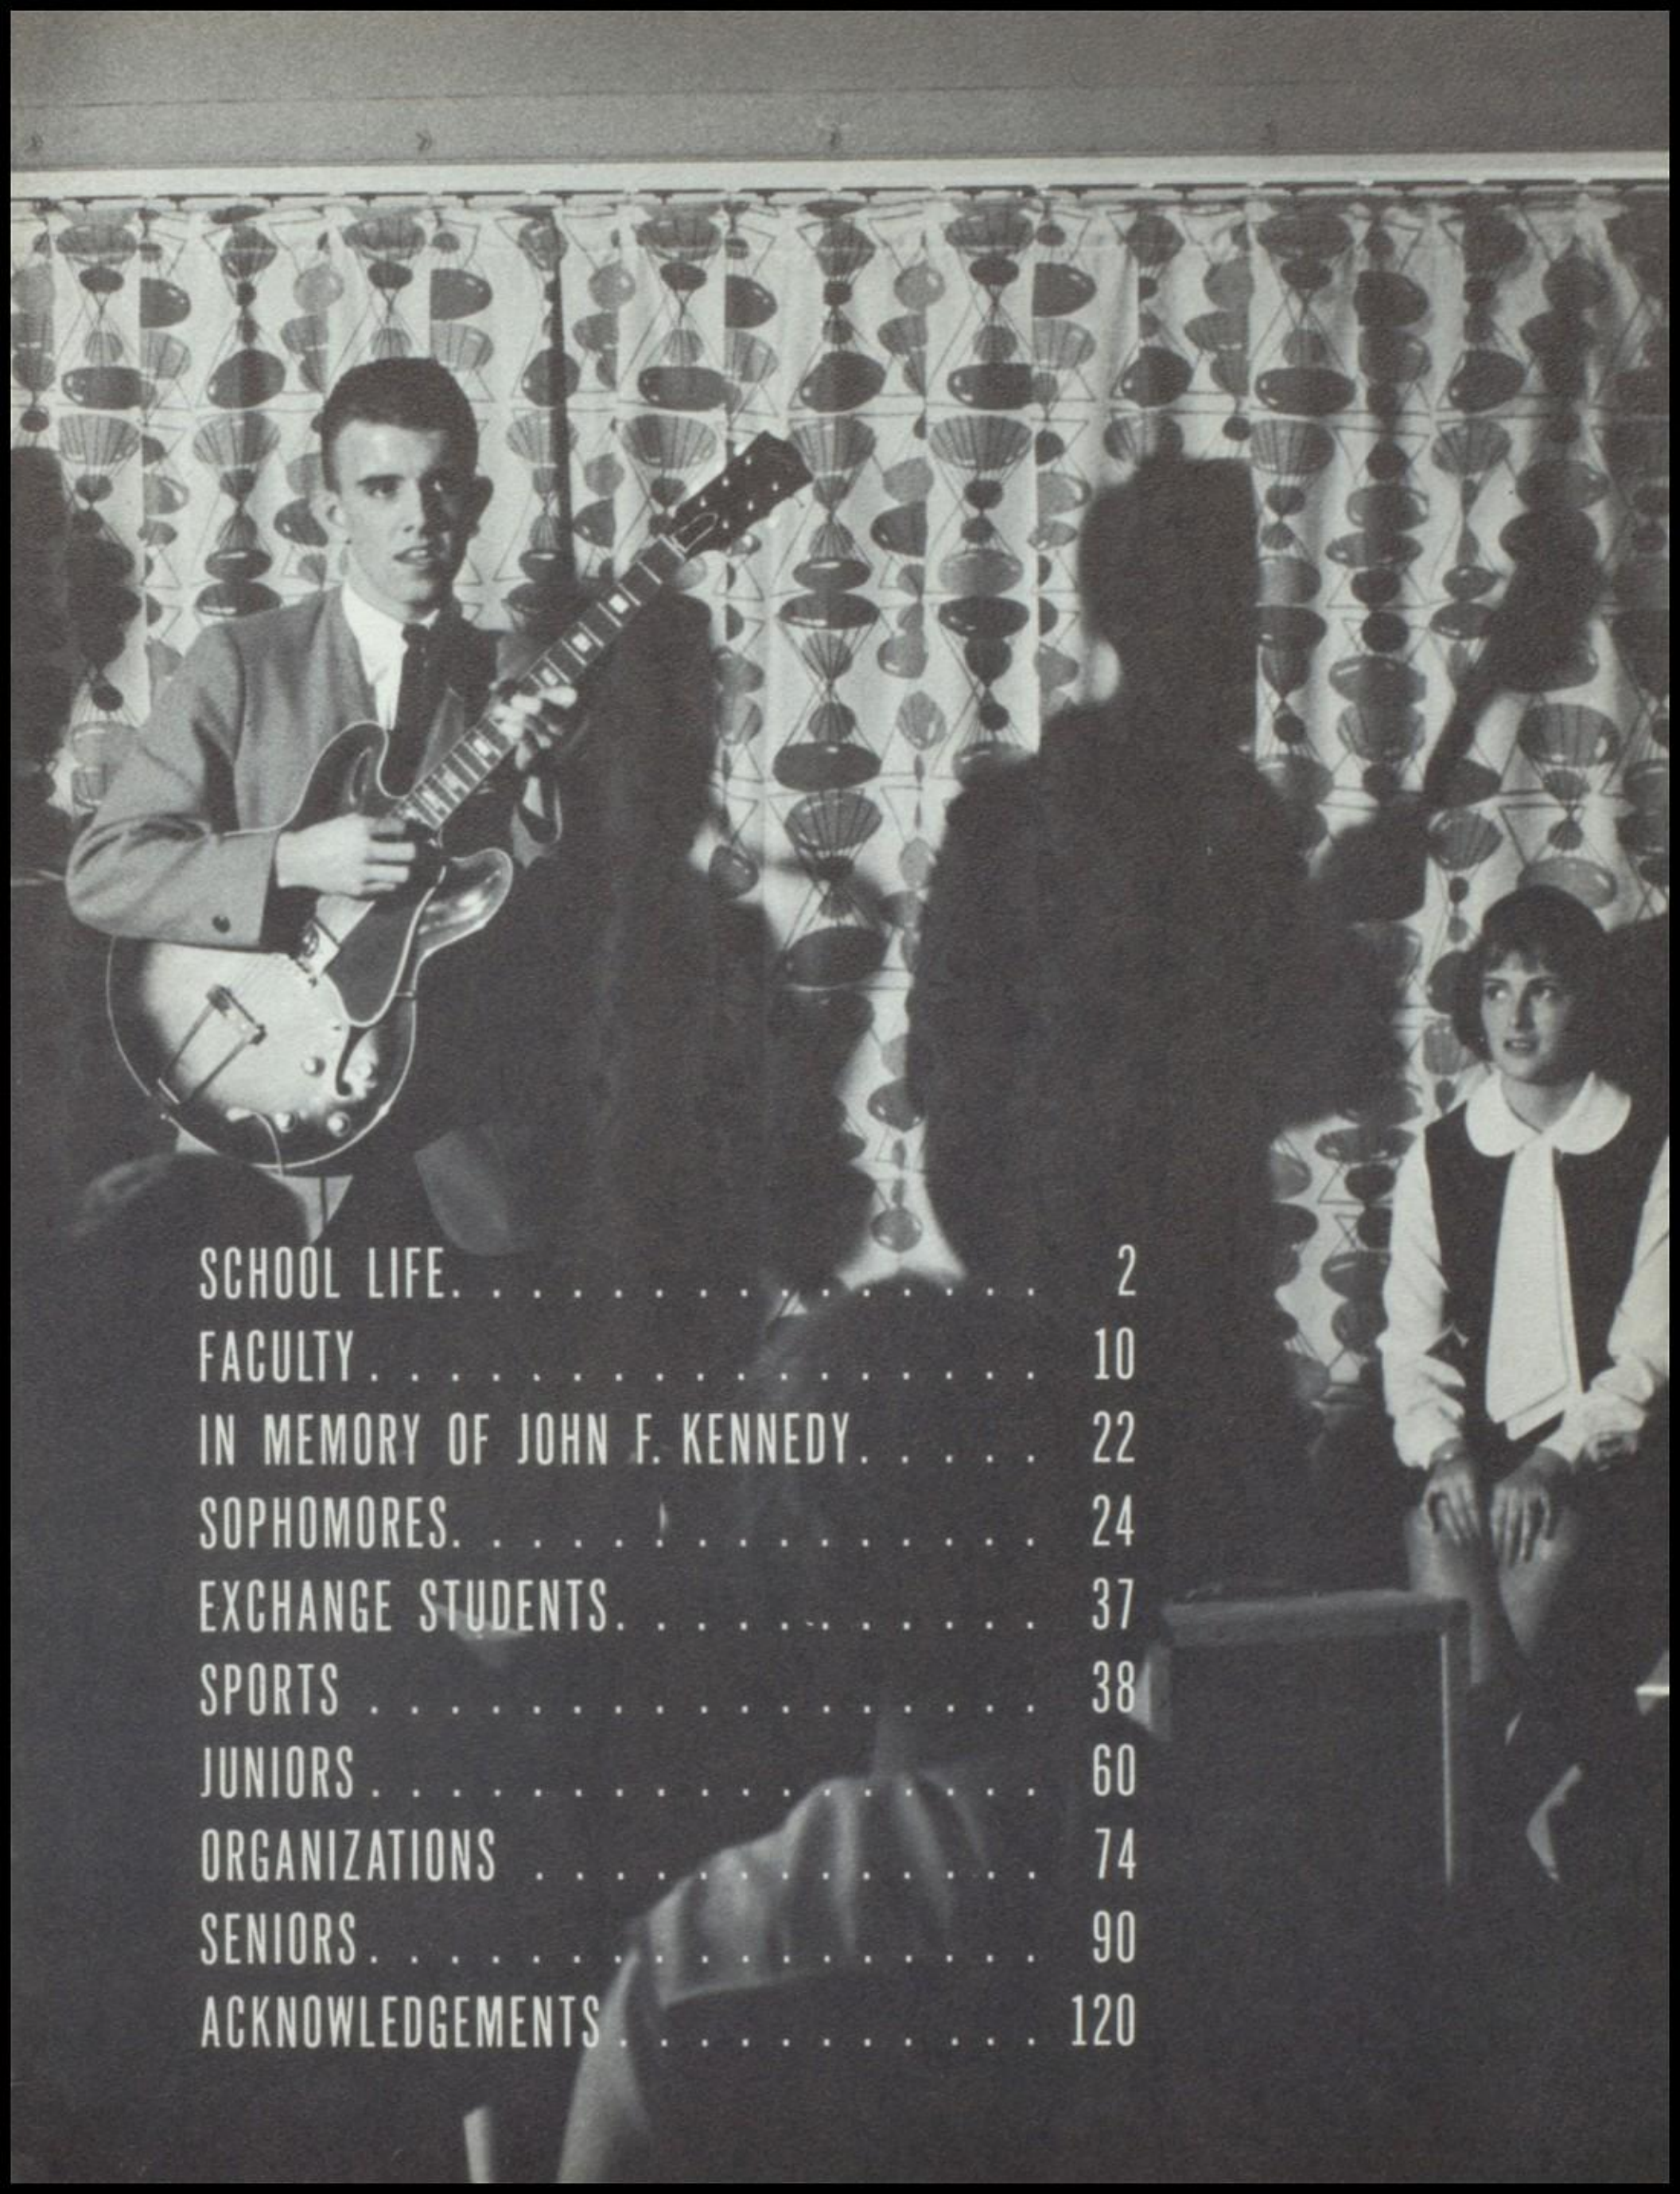

Much has already been said about Chief Sealth. Monuments have been constructed in his honor; our city bears his name. We attend the high school named after him. A great deal of the tradition that accompanies the Chief's life is legendary. Nevertheless, nothing disputes the fact that the Chief was a "leader."

The Chief was not a dynamic man. His success lies in his respect for the individual. He believed that an individual should have the peace of mind to accept the things he could not change, the courage to change the things he could, and the understanding to know the difference.

We dedicate this issue of CACHE to the memory of the Chief, and to the students who attend Chief Sealth High School.

Chief Sealath was a symbol of many things to his people. He was a man dedicated to his beliefs, and he upheld them with wisdom and integrity.

The Chief accepted defeats and triumphs courageously. In the eyes of his people, he was a teacher, a leader, and an individual. He taught his people the merit of careful decision, the importance of having the conviction to carry out that decision. By his example, he taught them that friendship was the inevitable law of life. Tradition tells us that he did not equate tyranny with leadership. Sympathy and understanding of the needs of his people were paramount.

Above all, the Chief was an individual, a person not

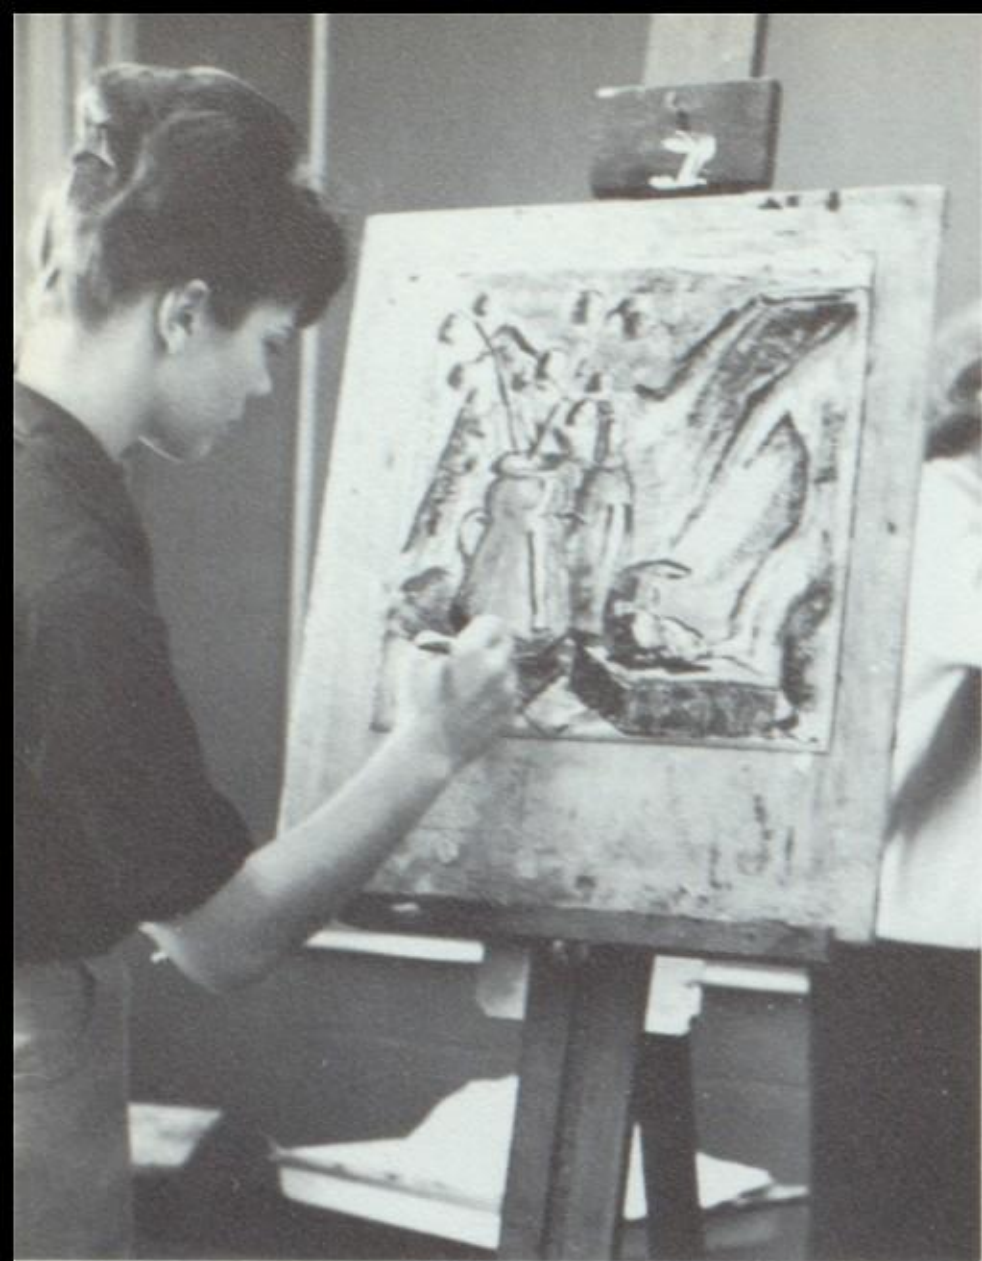

bound by conventions or tradition. He met the challenge of a changing society with intelligence and patience. These qualities, making the Chief a friend of his people, a great leader, and a greater man, will be appreciated throughout the ages.

Chief Sealth High School pays tribute to this leader by perpetuating his name and the ideals for which he stood. As Chief Sealth led his people, so today our school not only leads us into, but prepares us for the future. He created a civilization out of a wilderness which in essence is what an education does for a student's mind. He showed his people how to make their lives fruitful and happy. In high school, we only begin to discover the real meanings in life and begin to know where and how to find real happiness. The very ideals which endeared the Chief to his people can be a goal for every high school student.

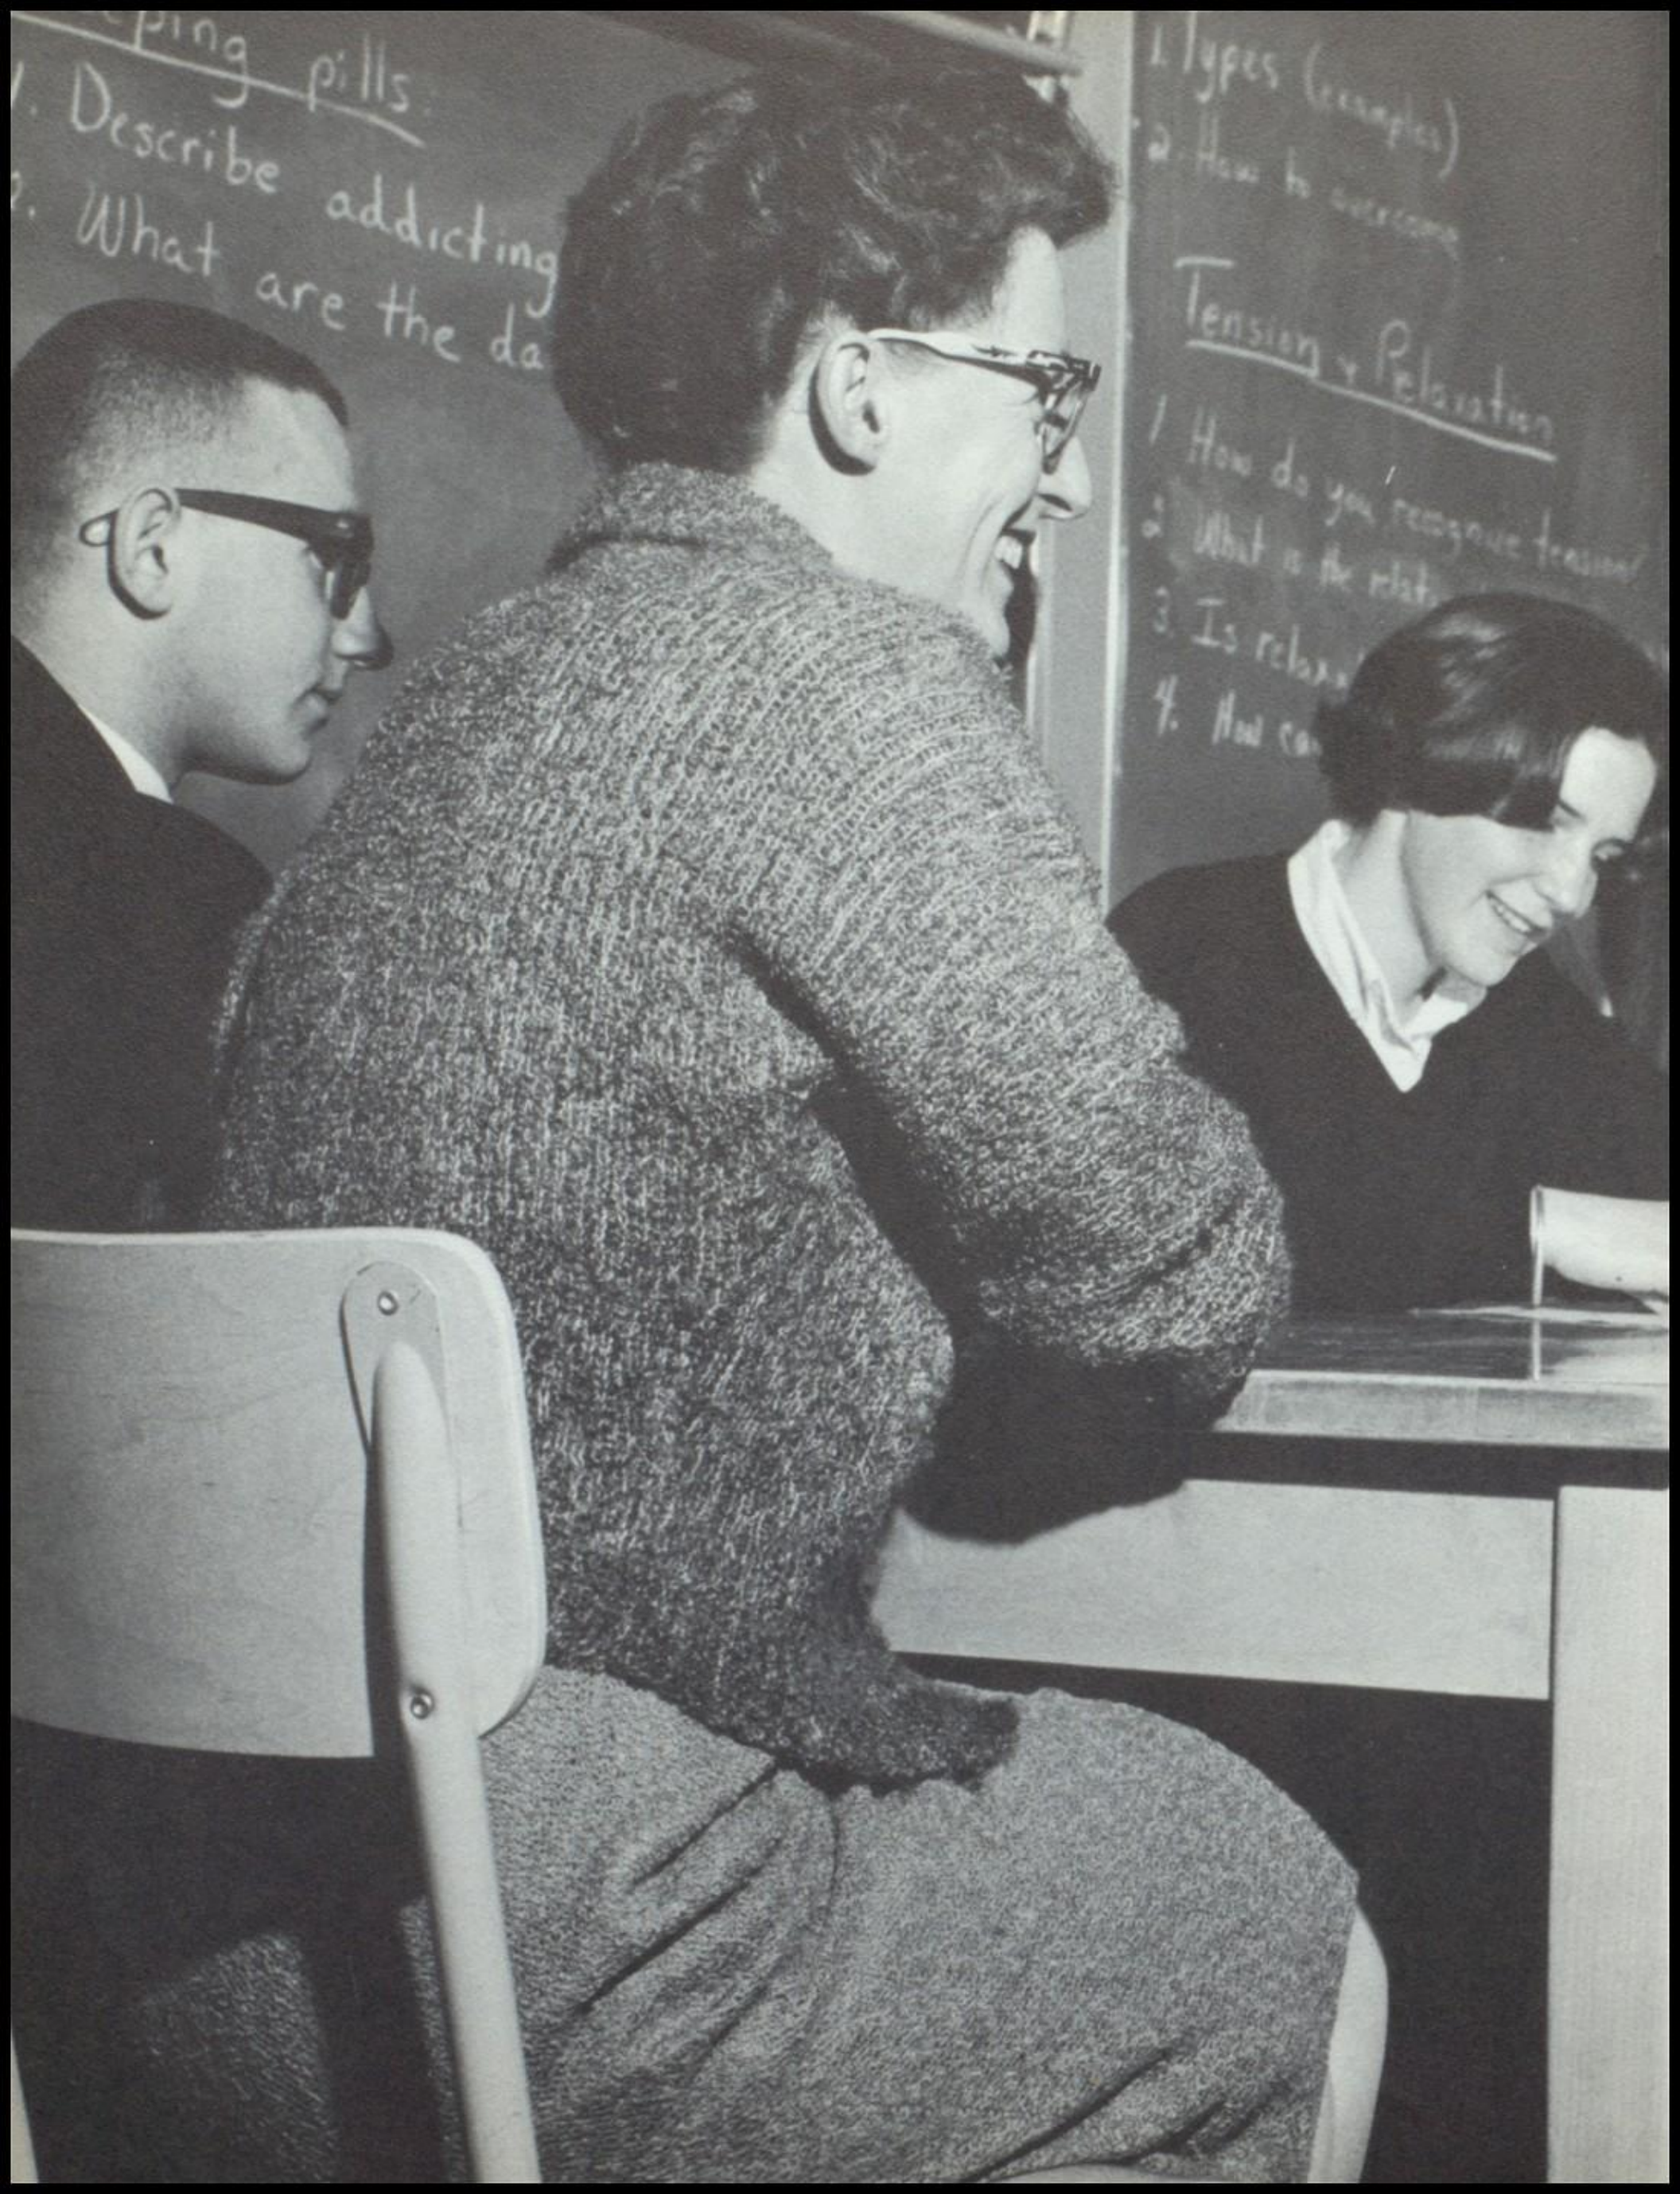

The mind can accomplish many things, but concentration inspired by curiosity will produce the most important achievements—achievements which may someday benefit all of mankind. For with curiosity both the spirit and the mind harmonize to conquer a goal.

The task set before us, whether it relates to art, craft, or philosophy, ceases to be a task, but a challenge. Man lives with the challenge and it becomes a part of him as the spirit stimulates the mind to victory over the problem. The man who is brave enough to meet the challenge reaps the rich rewards of self satisfaction and pride — rewards far more precious than the material treasures sought by the unknowing.

FACULTY

In educating the students who stand on the threshold of a modern world, today's teachers have a never ending task of living up to the obligations set before them by their predecessors. The spirit of accomplishment is a guiding force in the classrooms of Chief Sealh. Our faculty feels strongly the responsibility of guiding its students. It is to them that we, the students, owe a lasting debt of gratitude.

CHIEF SEALTH THANKS YOU

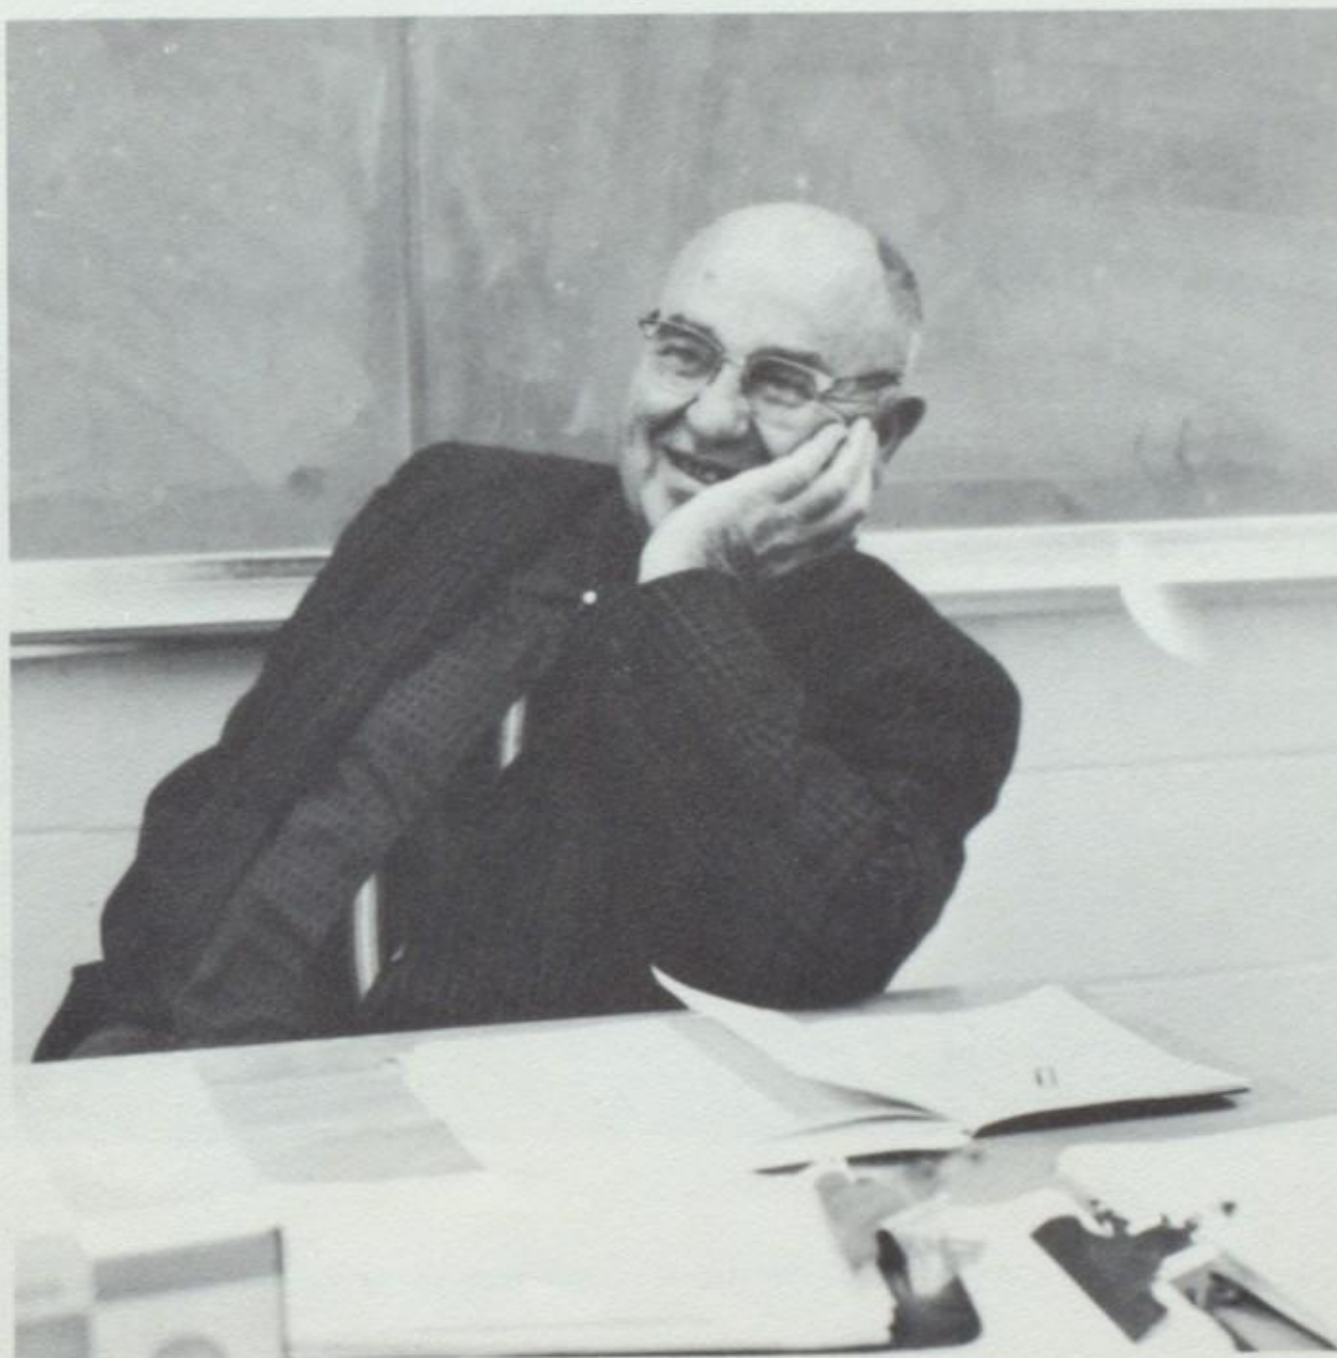

Mr. Kenneth Hassenmiller, mathematics teacher at Chief Sealth High School, is retiring this year after forty years of service as a dedicated teacher. Mr. N. J. Deiglemeier, a former student, and now Assistant Chief Engineer of Bechtel Corporation, San Francisco, California, wrote the following about Mr. Hassenmiller. We reprint his letter in its entirety since we feel it truly expresses the sentiments of all of his students.

The principal reward in teaching is the satisfaction derived in forming the foundations of the lifetime work and character of young people. All other rewards, economic, environment, and security, are secondary.

One who has stood out in my school memories as an example of a dedicated teacher is Kenneth Hassenmiller. He has the important attributes of intelligence, personality, degree of discipline, and sense of humor, that encourage the best of his students. Well do I recall his stern countenance when we were caught "goofing off." Equally well do I remember his ready warm smile in a humorous situation.

My work in engineering had its start in Hassie's chemistry and physics classes and in the trigonometry tutoring he gave me in his spare time. In those days Cleveland High did not have enough students for a trig class. Between, before, and after classes, there was sound advice and counsel which guided my preparations for college and career.

Now, in this Chief Sealth 1964 Annual, I am privileged to say "Thanks, Hassie, for all you have done for all your students. Happy golfing."

IN MEMORY OF JOHN FITZGERALD KENNEDY

A President is laid to his eternal rest.

I.

The Capitol is still and sad;
John Fitzgerald Kennedy —
A man! A father! A President is dead!
The strains of Chopin's mournful funeral march
Give grief a voice.
The church bells' tolling strips our conscience to the bone,
And shamelessly we cry.
The clatter of the horses' hoofs
Beat steadily upon the eardrums of the mind,
As we, the living shadows plod behind
The caisson, searching for solace in the wisdom of God's ways.
Black is the color of the day.
Black is the shame, and black the mystery of death.
But as the shadows of the afternoon fall fast,
The national anthem fills the air,
Taps chills the hearts,
The eternal flame is lit.
John Kennedy;
A man! A father! A President,
Is laid to his eternal rest.

II.

Sleep, sleep my President.
The night has come.
Your worries of the day need rest.
Your family of men and women everywhere need rest,
And you must rest.
God gives, God takes, and God protects us all.
Your son John-John,
Your daughter Caroline,
Your Jacqueline,
Your dreams of peace on earth, and good will for all men,
Will be protected by your Maker.
Sleep peacefully. Sleep, sleep.
Sleep your eternal, restful, noble sleep.

The Sophomore Class has completed a successful year at Sealth although it was the first year for many of the students.

The class of '66 began the year with the annual Sophomore-sponsored pep assembly. The success of the assembly spurred the Sophomores on to greater recognition when the outcome of the canned food drive was announced. Their dance, "In the Shadows," was well attended and enjoyed by all.

The class of 1966 has an exciting year to look back on, but an even more exciting two years ahead of them.

SOPHOMORE HONOR SOCIETY

Sealth Honor Society is an organization for students excelling in their academic work. Each member of the Society deserves special recognition for initiative and determination. Every Sophomore member affiliated with the group had to accumulate a total of at least 28 points throughout the year to qualify for membership. In totaling these points, four points are given for an "A," three points for a "B," and two points for a "C."

EXCHANGE STUDENTS

Leena Ojanen and Barbara Brumfield

Leena Ojanen, a vivacious eighteen-year-old red-head, has been living with Barbara Brumfield since her arrival from Tampere, Finland. Leena is here as part of an exchange program sponsored by the International Christian Youth Exchange. She plans to return to Finland sometime this summer. Leena hopes to study linguistics at the University of Helsinki in preparation to becoming a foreign language teacher.

Christi Hansen is hostess to a native of Mexico City, Maria Lusía Corominas, known to Sealth students as Marilu. Marilu finds American life interesting and exciting, but hectic. Marilu is planning to travel throughout the Northwest before returning home.

Christi Hansen and Marilu Corominas

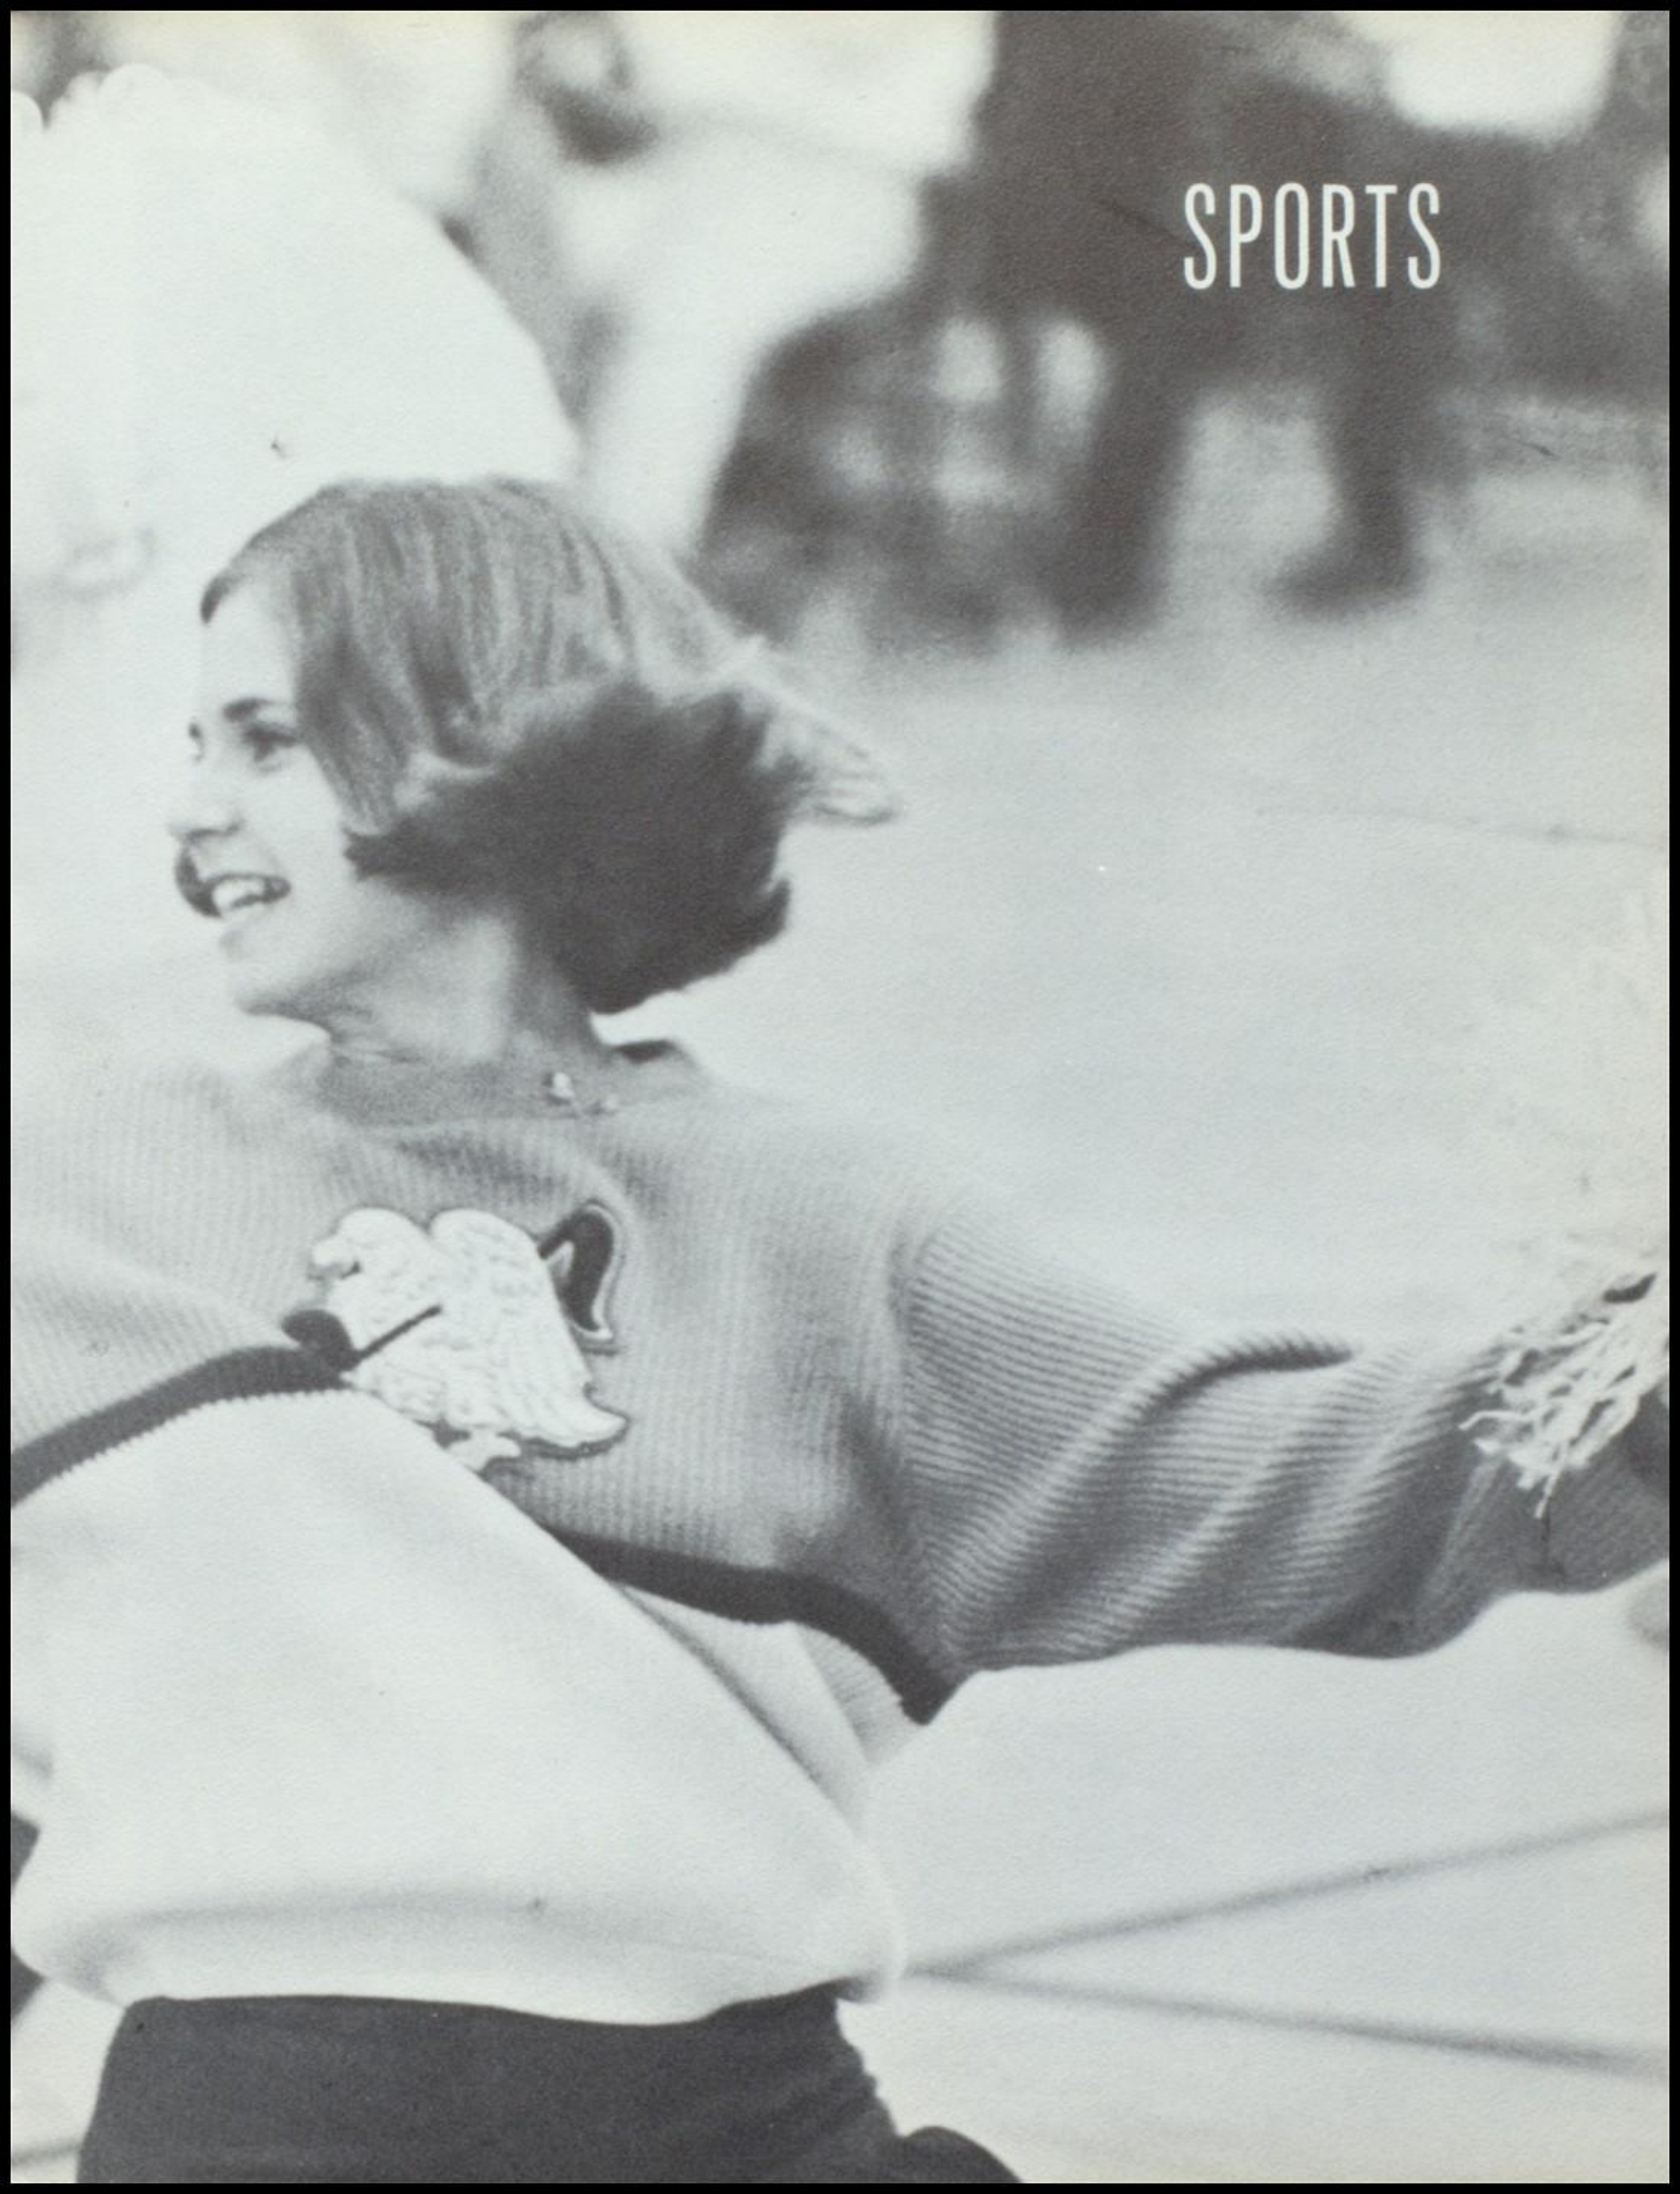

Ralph Dickey and Fred Layer

Fred Layer, the nineteen-year-old exchange student from Salzback, Germany, has been living with Ralph Dickey during the school year. This versatile, intelligent youth was sponsored by the International Christian Youth Exchange. Fred will return home in early August to his job as an apprentice in a German factory.

SPORTS

The Seahawks — Southern Division champs! The Chief Sealth Student Body was amply rewarded for its spirited support of the football team. In spite of the odds — mud, rain, experienced victors — our team proved its determination. The enthusiasm and confidence of our coaching staff spurred the team to Turkey Day. This, however, is just a beginning. Let us remember the 1963 football season as a pace setter for the tremendous spirit and drive that will inevitably follow.

Although all of Sealath's track squad has had a good season, we have received special recognition through the accomplishments of Dave Kessler.

On April 17 he high jumped 6' 2 $\frac{3}{4}$ " which is the new Sealath Stadium record. Going into the finals, Dave was top contender in the high jump in the Metro League.

JUNIORS

Mr. Davis
Class Advisor

Jim Zeigler
President

Linda Hopkins
Vice President

Janice Ufer
Secretary

Sheryl Northrop
Treasurer

During the past year, the members of the Class of 1965 displayed their initiative and spirit by supporting the different activities and efforts of the other classes.

In November, the Junior class sponsored the Cheering Chalice, a traditional inter-class pep contest.

Just one month later, our lunchroom was transformed into a perfect setting for "Lanterns in the Snow," the Junior Dance. The highlight of the dance was the elaborate decorations ranging from an obese snowman to an English street scene.

Mr. Davis must be commended for his willing participation as the Junior Class Advisor. Also, we especially acknowledge the class officers, for without the combined efforts and talents of these individuals, the class of 1965 could not rise to its present status.

JUNIOR HONOR SOCIETY

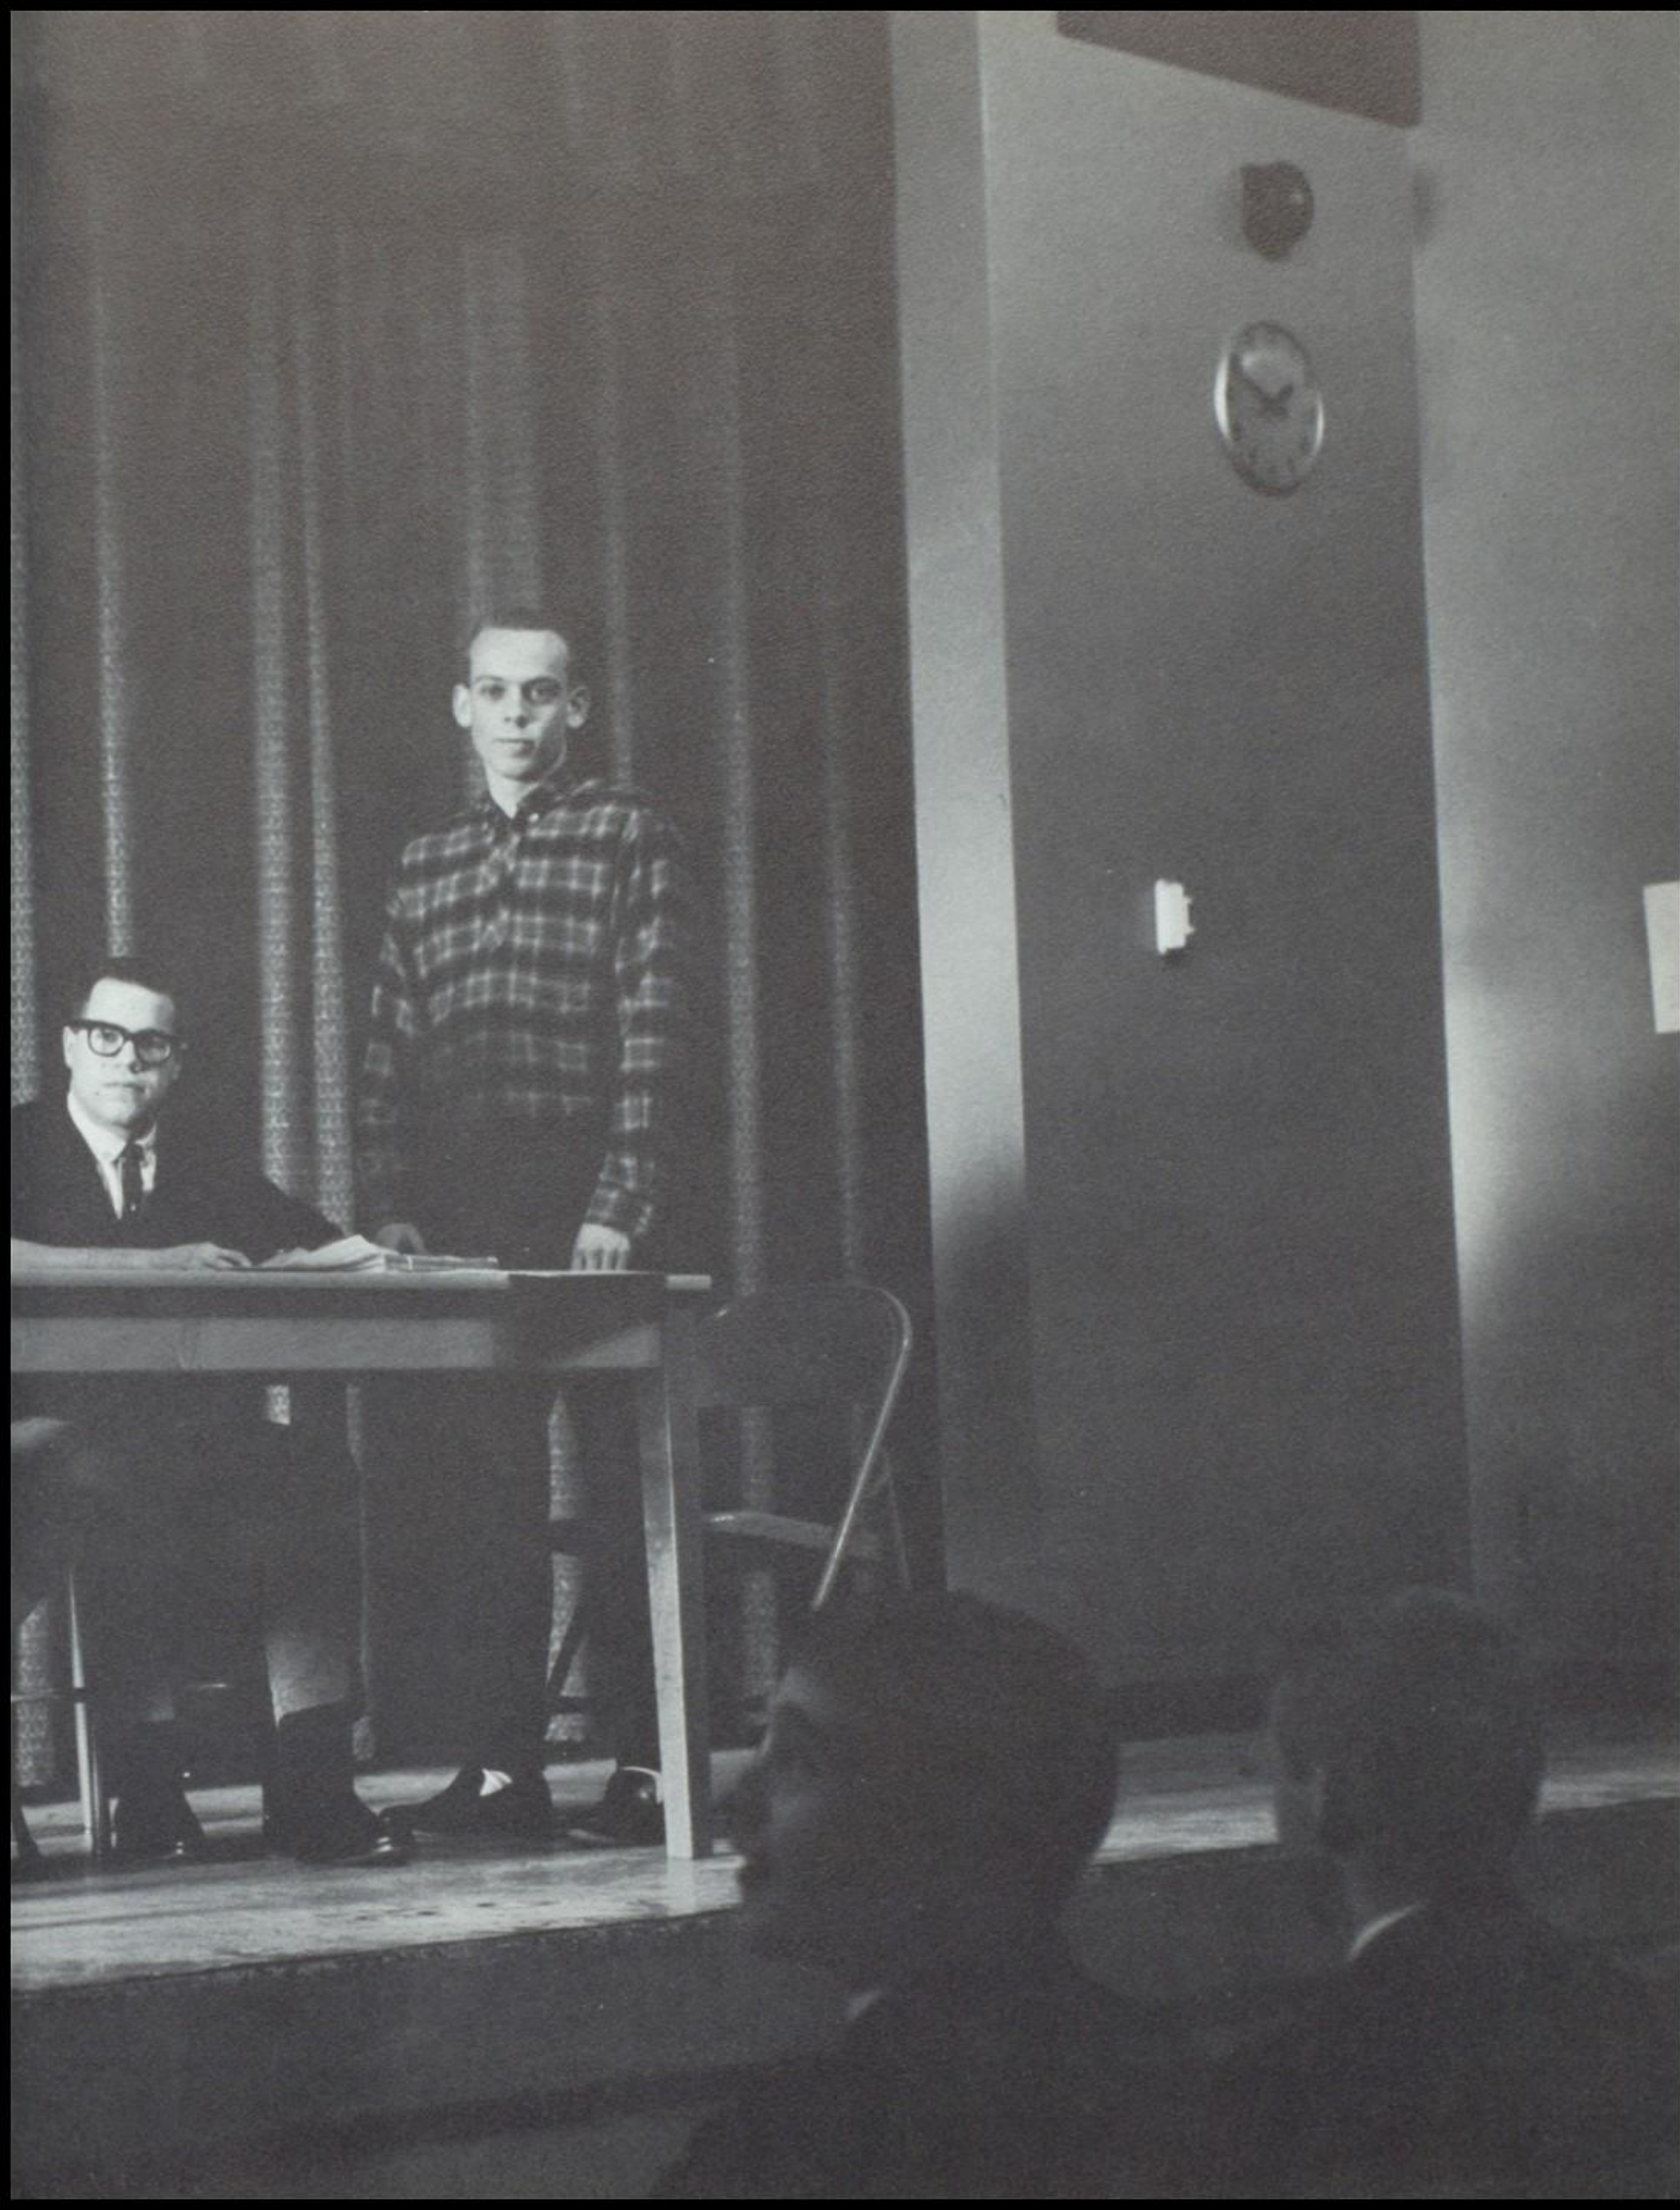

These Juniors have shown through their academic achievements that they are qualified to become members of the Honor Society. In their Junior year, a total of 56 points is needed for membership in the Society. Although the students can carry points over from their Sophomore year, each additional point is progressively more difficult to earn. Behind each of these points are hours of constant studying.

PRODUCTIONS

The Night of January 16th, the first play of the 1964 drama season, set the stage for original and entertaining activities which the Sealth Drama Department undertook during the year. The unique cast of this play included a jury chosen from the audience.

With the next production, **Harvey**, came Sealth's first "Premiere Night." The Drama Department with the cooperation of the Language Arts Department invited students to see the play on Thursday night preceding the usual Friday and Saturday night performances.

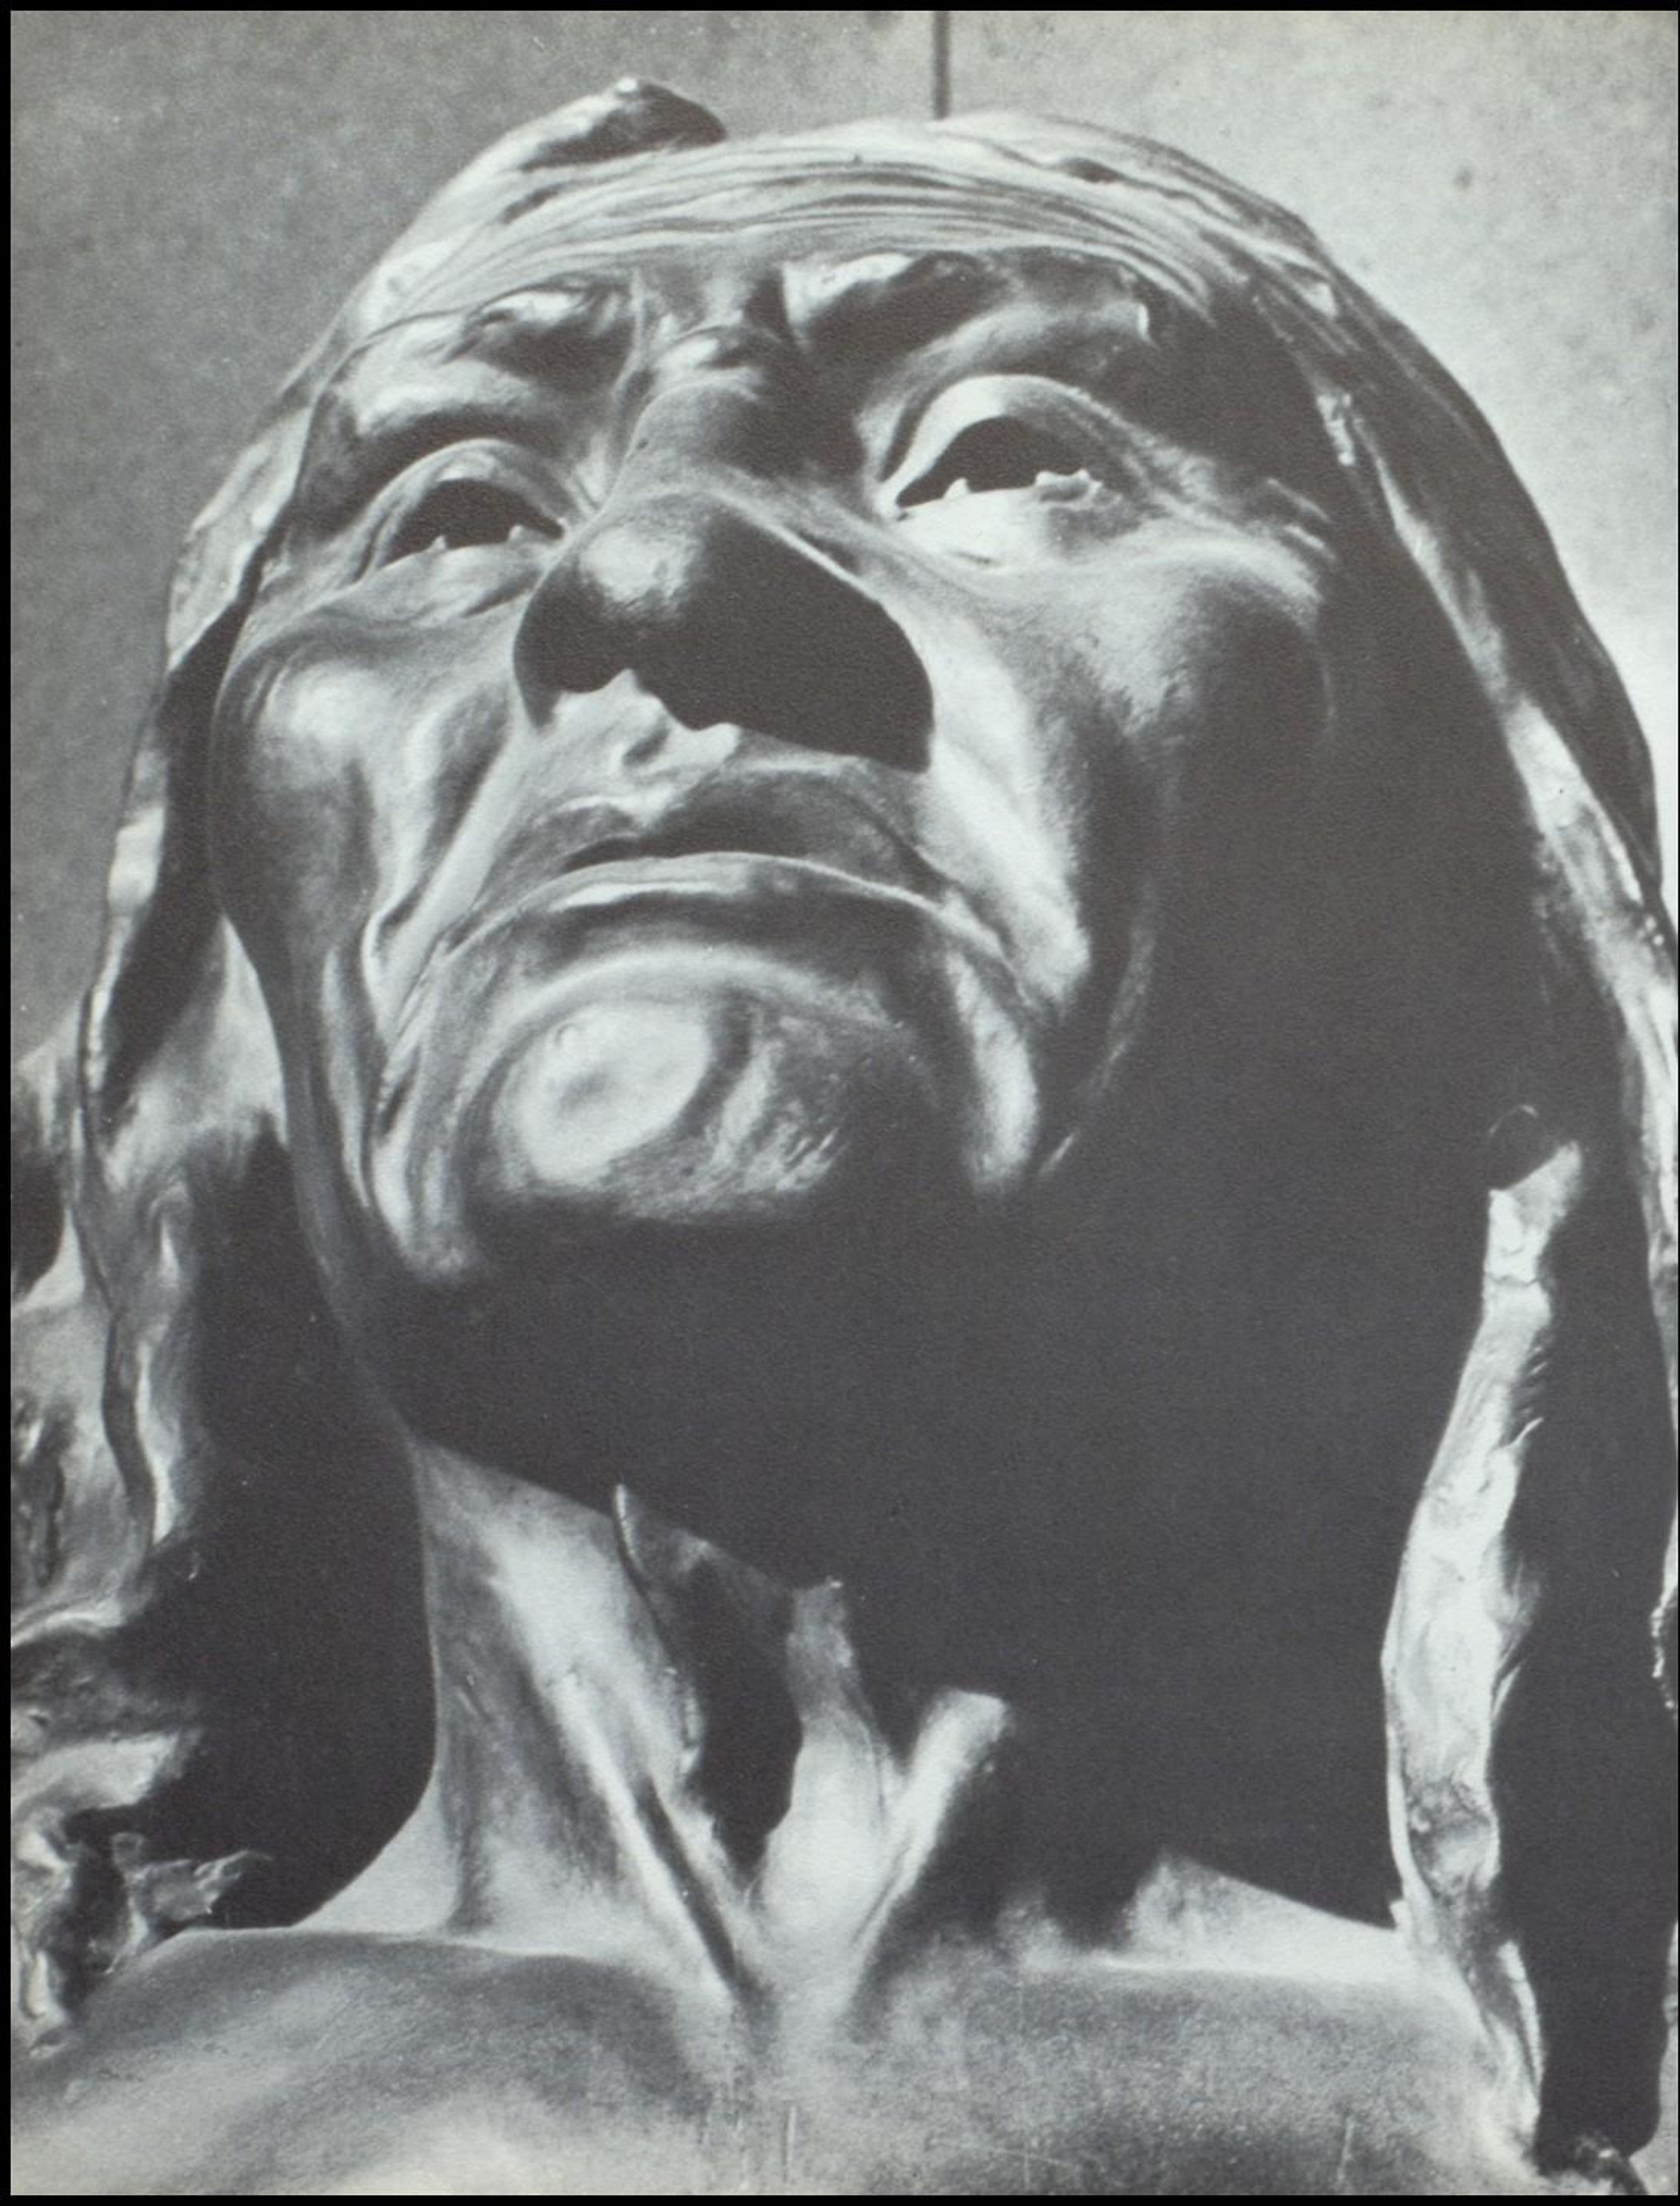

Guests of premiere night enjoyed the many aspects of the theater as they were led backstage and caught a glimpse of the excitement and frenzy before every performance. The night ended with refreshments in the Green Room served by hostesses dressed in formals to fit the occasion.

Throughout the year the Drama classes also presented children's plays to the neighboring elementary schools including Arbor Heights, Highland Park, High Point, E. C. Hughes, and Roxhill. Among the productions presented were **Peter Rabbit** and **King Cole's Court**. Governor Rosellini extended his personal congratulations to the students for their fine efforts and success of these plays.

The Sealth student body salutes the Drama Department on a fine year of entertainment.

The class of '64, alive with enthusiasm and spirit, has established these past years a record of accomplishments unsurpassed by any other class in the history of the school.

The Seniors began the year with their traditional enthusiasm by winning the Cheering Chalice for the third consecutive year. They then stepped into the flurry of exciting events the year was to hold, including the highlight of all, the Prom.

Wistfully the Seniors now look back over their high school careers — its joys and successes, its sorrows and frustrations. They have acquired many wonderful memories and experiences. This class will be remembered for many years to come for their academic excellence and contributions to all phases of school activity.

June 5 brings to an end the special events that highlighted the senior year of the Class of 1964. As we look over the past year, we recall the various classes and activities with pride and nostalgia.

We cheered the Seahawks to their first Southern Division football championship, and walked off with our third consecutive "Cheering Chalice," thus retiring it for our class.

We regretfully said good-bye to Mrs. Helen Lucas who left us at the end of the first semester. California is now the home of our helpful and enthusiastic class advisor. We gratefully accepted Mrs. Amelia Berger's experience and advice which kept us going until June.

We howled at the antics of Mr. Rossi, Mr. Dzurick, Mr. Johnston, and Miss Cordova who proved that it really was fun to "Rise and Shine" at our Senior Breakfast.

We added to Chief Seal's traditions by inaugurating Morp. Dressed in cutoffs, sweatshirts, and tennie-runners, we danced to "Moonshine Memories," our prom in reverse.

We applauded our Chief and Princess Seal at the annual Seal Salute ceremonies.

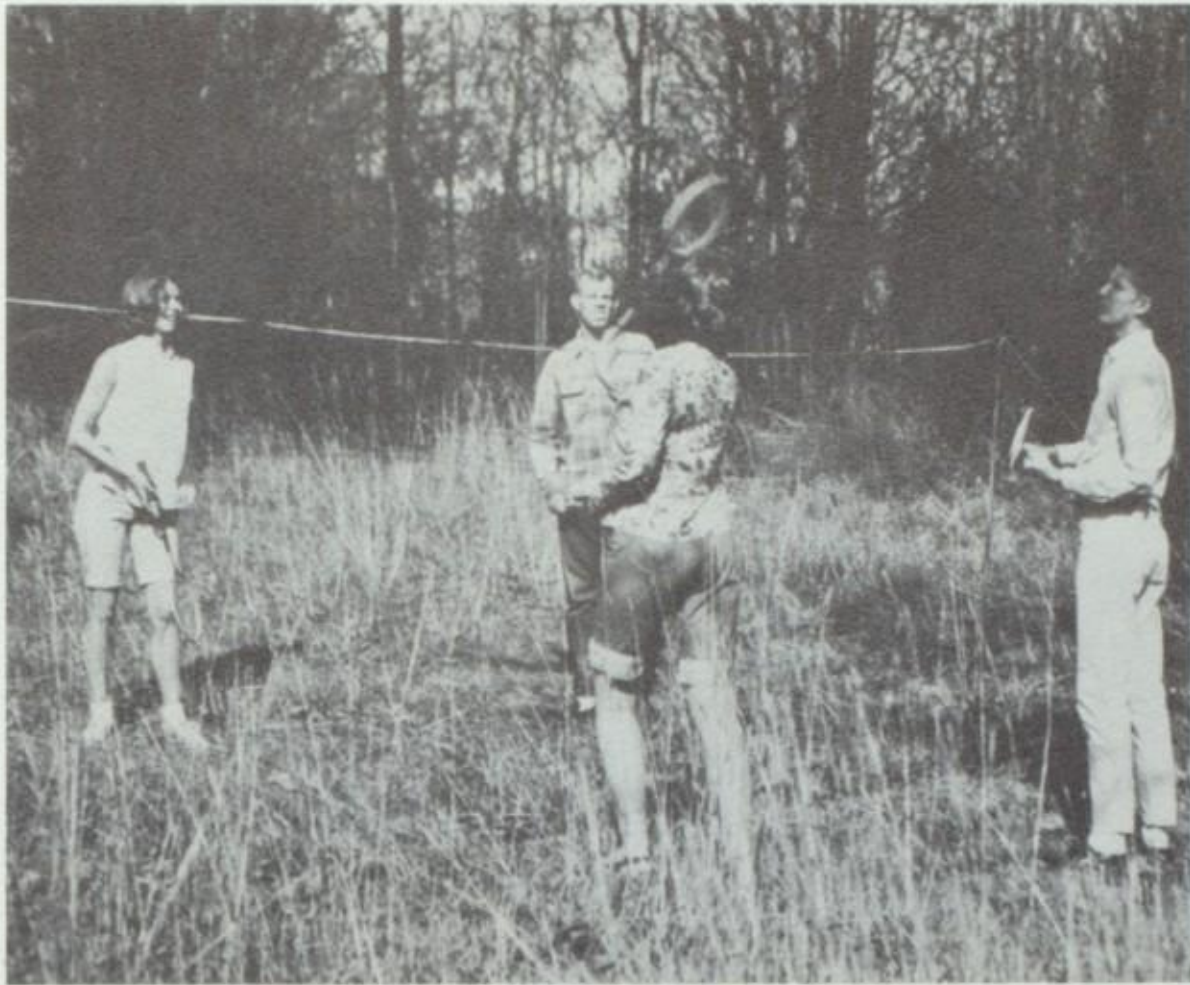

We traveled to Gold Creek for our Senior Trip. Swimming, ice skating, golf, boating and dancing filled the day's activities.

We danced to the music of Ken Cloud and his Orchestra at the Hub which set the atmosphere for "Moonlight Memories" which was aptly selected as the Senior Prom theme.

We shared the honor brought to us by our two straight A students, Ron Campbell and Ingrid Karlstrom, who tied for valedictorian.

We look back over our years at Seal. But, we also look ahead to Commencement, for we realize that it is not the end but actually a new beginning.
